

The Creative Science Centre – Dr Jonathan Hare

Newsletter Spring 2014

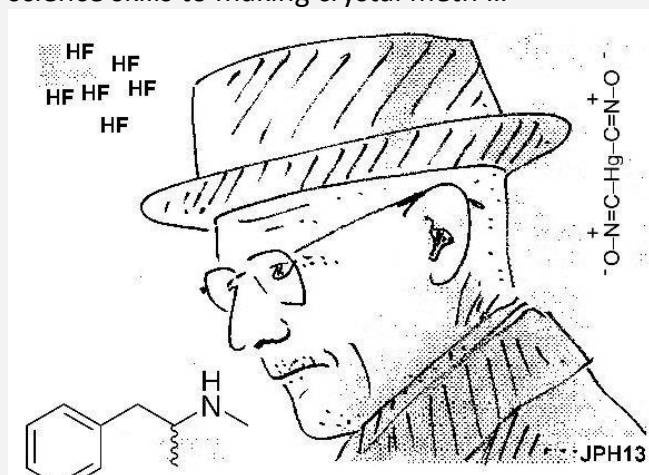

Science ideas, information and inspiration

NEW WEB PAGES AND WEB SITES:

READ ABOUT THE SCIENCE OF BREAKING BAD

www.creative-science.org.uk/breaking_bad.html

Breaking Bad is an unforgettable USA hit TV show about Walter White (Street name 'Heisenberg'), a High School chemistry teacher who turns his science skills to making crystal meth ...

NEW GEOSSET SCIENCE WEB SITE

www.sussex.ac.uk/geoset/

A new science video content web site has been created with Jonathan Hare, Sussex University and Sir Harry Kroto (GEOSSET). Sections include i) Interviews with scientists, ii) Inspiring Science iii) Careers in Science and iv) Student voice.

Global Educational Outreach for Science, Engineering and Technology

→ Inspiring science

→ Interviews with scientists

→ Student voice

→ Science careers

WORKSHOPS

BRIGHTON SCIENCE FESTIVAL 2014

This year we celebrated 50 years of the Moog synthesiser for the Brighton Science Festival January schools workshops (Richard Robinson and Jonathan Hare). We made up electronic oscillators and constructed our own homemade capacitors and resistors to learn about the science of electronics ... and play a lot of weird tunes ... you can still book us!

FOR DETAILS OF TALKS AND WORKSHOPS I CAN PRESENT AT YOUR INSTITUTION, PLEASE SEE:

www.creative-science.org.uk/tandws.html

Please see my web site at:

“Hare is a brilliant communicator: The star of BBC TV’s “Rough Science”; his uniquely imaginative website has hands-on demonstrations, talks and workshops which inspire enthusiasm for science in children worldwide”
Sir Harry Kroto
